OVER 50 YEARS OF FROST-FREE FREEZER OPERATION

CUSTOMER: FROZEN FOOD MANUFACTURER

INSTALLATION LOCATION: MIDWESTERN U.S.

APPLICATION: -10°F HOLDING FREEZER

PROBLEM: In 1955, a customer needed a high quality, long lasting refrigeration system to provide a frost-free freezer with low operating costs and consistent space temperatures for reliable product quality and a safe environment.

SOLUTION: A large “No-Frost”® system was installed in the facility during the first initial construction phase. Over 50 years later, the original system continues to meet or exceed the customer’s expectations while continuing to provide the benefits of a frost-free environment.

ADVANTAGES

- Consistent space temperatures
- Cool, dry, safe, and sanitary environment
- Ensures product integrity
- Long equipment service life
- Low operating and maintenance costs

FOR MORE INFORMATION ABOUT THIS AS WELL AS OTHER “NO-FROST”® APPLICATIONS, PLEASE CONTACT THE NIAGARA FACTORY OFFICE IN BUFFALO, NY.
