

NIAGARA BLOWER COMPANY

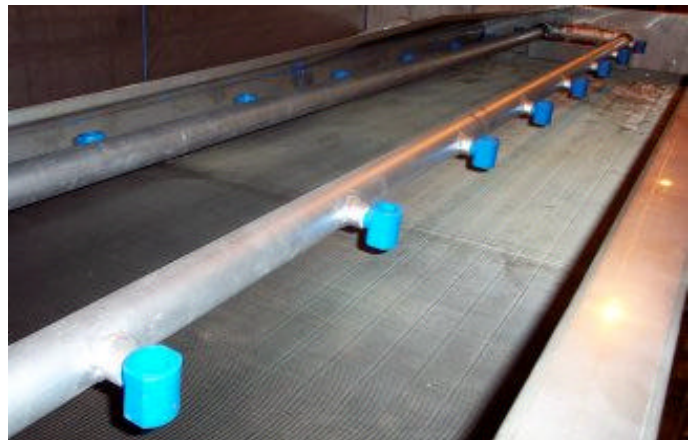

No-FROST^o REFRIGERATION SYSTEMS

Glycol Liquids & Additives

How much do you save when you choose a “Bargain Fluid” for your Niagara No-Frost^o system?
Not enough to purchase one replacement coil!

Leaking ammonia coil from a system using an “off-brand” glycol liquid in their No-Frost^o system.

Coil in a No-Frost^o system using one of Niagara's formulated glycol liquids.

Additional benefits of using Niagara's approved glycol liquid:

- Reduce energy usage
- Reduce glycol usage
- Reduce maintenance cost
- Protect your product
- Maintain system integrity
- Increase system performance
- Preserve equipment warranty
- System corrosion resistance
- Control of airborne pathogen
- Full strength food-grade glycol liquid

ALSO....

- Free liquid analysis (twice a year)
- Free freight to site
- Easy to recycle drums

Available Niagara liquids include:

LV – Ethylene glycol based liquid
KV – Propylene glycol based liquid
Hygrol – Tri-ethylene glycol based liquid

Available Niagara additives include:

Clearfrost # 4 – Corrosion Inhibitor
Clearfrost # 5 – Foam Depressant
Clearfrost # 9 – Boost pH / reserve alkalinity

For more information about this as well as other No-Frost^o system upgrades, please contact the Niagara factory offices in Buffalo, NY.
