

# NIAGARA BLOWER COMPANY

## “NO-FROST”<sup>®</sup> REFRIGERATION SYSTEMS

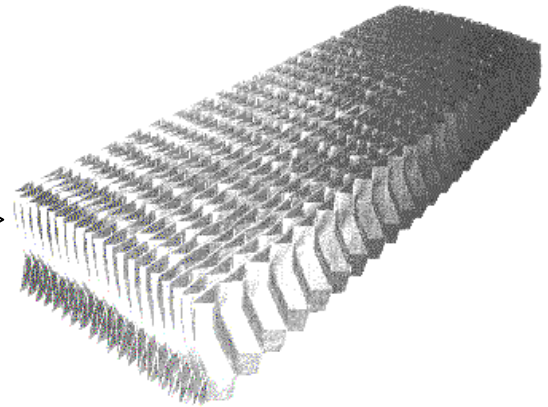

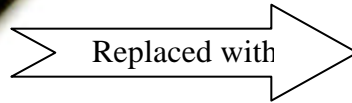

### **New PVC Drift Eliminators Upgrade**

Niagara introduces its *new* lightweight, low cost PVC drift eliminator. The *new* PVC eliminator reduces the overall pressure drop through the Niagara Conditioner, thereby reducing the overall horsepower requirements.

In addition, the lightweight design allows easy removal for inspection, cleaning or replacement. The *new* eliminator is a factory-stocked item for most models.

**Older Metal Drift Eliminator**

**New PVC Drift Eliminator**

### **ADVANTAGES**

- Lower pressure drop
- Inexpensive
- Reduced energy consumption
- Easily retrofitted to existing conditioners
- Factory stocked for most models
- Lightweight

**For more information about this as well as other No-Frost<sup>®</sup> system upgrades, please contact the Niagara factory offices in Buffalo, NY.**
